SUMMARY

Hardworking and skilled professional with strong computer science knowledge. Proficient in Python, C, Java and basic database skills. Seeking a role to use my programming skills. Eager to write clean and efficient code, solve problems, and contribute to innovative projects. Committed to continuous learning and helping the organization succeed.

EDUCATION

B.Tech Information Technology K. Ramakrishnan College of Engineering 📅 2022 - Present 📍 Tiruchirappalli, Tamilnadu, India	CGPA 8.08 / 10
Higher Secondary School Bharani Vidhyalaya Senior Secondary School 📅 2021 - 2022 📍 Karur, Tamilnadu, India	Percentage 80.4 / 100
Secondary School Bharani Vidhyalaya Senior Secondary School 📅 2019 - 2020 📍 Karur, Tamilnadu, India	Percentage 80.2 / 100

PROJECTS

Lost and Found Application

📅 04/2025 - 04/2025
🔗 <https://github.com/shivaguru-06/Lost-and-Found-Application>
Developed a full-stack Lost and Found web application using Angular, Node.js, and MySQL. The app allows users to report, search, and manage lost or found items through a clean and interactive interface with real-time updates.

Simple Movie Analysis using Python

📅 03/2022 - 04/2022
🔗 github.com/shivaguru-06/Simple-Movie-analysis-using-Python
Conducted a movie data analysis using Python to identify trends in genre popularity, actor performance, and box office results. Utilized Pandas, NumPy, and Matplotlib for data processing and visualization.

INTERNSHIPS

Java Development - Online Internship

Oasis Infobyte
📅 08/2024 - 09/2024 📍 Los Angeles, CA

- Developed and tested Java applications, focusing on improving functionality and user experience.
- Contributed to projects by debugging code, optimizing performance, and ensuring efficient data management.

Python Development - Online Internship

TechnoHacks
📅 10/2024 - 10/2024 📍 India

- Designed and developed Python scripts for data processing, automation, and optimization.

SKILLS

Python	Java	C Programming
SQL	HTML	CSS
		Java script
Problem Solving		

LANGUAGES

Tamil Native	●●●●●
English Intermediate	●●●●●

KEY ACHIEVEMENTS

Data Science Using Python

Presented a project on *Data Science Using Python* along with my team during the Department Presentation Day. Demonstrated practical applications of Python in data analysis, visualization, and machine learning. Our presentation stood out for its clarity, innovation, and relevance, earning us **first prize** among all participating teams.

WORKSHOPS

UI/UX Workshop

National Institute of Technology
Tiruchirappalli

📅 05/2025

Attended a UI/UX Design Workshop at NIT Trichy, gaining hands-on experience in user interface design principles, wireframing, prototyping, and user-centric design tools. Received a certificate upon successful completion.

CERTIFICATION

Microsoft Azure Fundamentals

NPTEL - Programming in Java
